I believe the most crucial aspect of this development is ensuring that the developers are held accountable for complying with city parking codes and providing designated spaces to accommodate the anticipated volume of visitors.

The Gruene area, where single-family homes and businesses coexist, highlights the importance of sufficient parking to meet the needs of growing developments. Inadequate parking can create significant challenges for the surrounding community (as we are keenly aware currently downtown).

Could you share the specific plans this development has in place to support the increased density and effectively manage the resulting parking demands? We would greatly appreciate your response to this inquiry.

Please feel free to email me at jsalge@fmfia.com with your reply.

Best regards,

Josh Salge- General Manager at Farmers Mutual Ins.
