The Engineering Division reviewed the TIA Determination application and associated documents for the referenced development. Based on the information provided in the application, a TIA Report is required.

The level of the report cannot be determined at this time. Calculations depicted on TIA Determination Form are for a smaller store (2-4k sq ft GFA). Land use subcategory shall be site-specific for GFA (5.5-10k) or VFP (9-15). Provide justification for choosing one over the other. Please provide TIA worksheet with revised trip calculations prior to scheduling scoping meeting.

Note: Determination was made with the land use estimates as seen on the attached TIA determination form. Approximately 60 KSF GFA General Light Industrial and 10 vehicle fueling positions Convenience Store (8.53 KSF GFA) are estimated for this property.

The attached TIA Scoping Meeting Worksheet, along with any other pertinent documents, should be submitted to Carol Aceituno caceituno@newbraunfels.gov. Upon receipt of the packet, Mrs. Aceituno will respond with various options for scheduling a TIA scoping meeting. A final decision on intersections to be included within the TIA will be established by City Staff and listed within the approved scope.

Please contact the Engineering Division at (830) 221-4275 if you have any questions or need any additional information.

Respectfully,

Jessica Perry, E.I.T.
Graduate Engineer
