City of New Braunfels

We would like to formally request a permit and roadway impact fee waivers for the Connections Individual Family Services project that is currently in for permit, CP2023-073.

Connections is a non-profit organization that started in 1981 as an organization to support at-risk youth in Comal County has expanded to serve 17 counties with counseling, prevention programming, an emergency children's shelter and a youth transitional living program. Their mission is to strengthen communities, one youth and one family at a time. They envision a community where every individual feels safe, is empowered to make a positive life change, and has the opportunity to lead a meaningful life.

We know that a fee waiver is an ordinance change and that this request has to go to City Council. We would ask that this be placed on the next available City Council agenda if possible. The current fees are estimated at \$32,575. Thank you for your consideration.

Sincerely,

Jacob A. Huereca
