**a. National Register Nomination of the New Braunfels Cemetery**

Katie Totman is still working on the National Register Nomination. She had delayed sending the form to the committee, hoping to complete it on her own, but will let the group know if she needs assistance. The committee has requested to review the nomination before it is submitted, so Chad will reach out to Katie and ask her to send it out for review prior to submission.

**b. Field of Graves**

TCI is still finalizing the consultant contract to begin the redesign of the field of graves. They may have an update for the group at the next meeting.

**c. Cemetery Software**

The City Secretary's Office is still awaiting the recording of the training from Chronicle before they can send it out to everyone. They will provide an update to the committee once it's ready.

**d. 2025 Soul Searching**

The identification and placement of four designated individuals connected to cotton farming and textile professions have been finalized. Some challenges have arisen regarding spacing and the placement of entertainment to ensure the exit trailer remains unobstructed, which the group is currently addressing.

Jan Kingsbury is actively seeking sponsors, and Park Admin staff plans to review and potentially revise the sponsorship letter in the coming week.

Connie Kraus will contribute her portable sewing machine and quilts made from historical materials as props. Committee members will work on acquiring cotton scales and other authentic cotton farming props. The group also discussed purchasing artificial cotton stems from Hobby Lobby or Michael's to avoid potential issues with defoliants and will explore this option further.

**e. Gate at the New Braunfels Cemetery**

Chad informed the group that the installation of the new turnstile is scheduled to begin next week. He plans to have photos to share at the next meeting.
