Project Summary: Renovation of the overall exterior of the what was once the Seguin Beauty School, but will soon become the new home of La Belle Vie Antiques. The renovation plan includes three primary areas of focus that will improve the exterior façade and appeal of the historic building.

1. The original transom windows above the awning have been covered over with wood panels for years due to the deterioration of the original windows. The plan is to remove the wood panels and install new transoms, since the originals are beyond repair. This will assist in restoring the building to a more original historic state and improve the exterior façade of the building.

Estimated Cost: \$6,400.00

Estimated Start Date: June 1, 2024

Estimated Completion Date: June 15, 2024

2. New exterior signage will be added to the exterior of the building to direct visitors to the new location of the store. This signage will consist of a non-lit set 3' 11" x 2" thick aluminum reverse channel letters painted black attached to a 16' 4" x 3' 4" flat aluminum backer panel painted Silver.

Estimated Cost: \$8,544.00

Estimated Start Date: July 1, 2024

Estimated Completion Date: July 15, 2024

3. The front of the store has display windows that showcase the beautiful contents of La Belle Vie. The existing windows currently leak and cause damage to the interior of the building. They are also made of regular pane glass and are a danger to guests on the sidewalk if someone happens to have an accident and fall into the window. The new windows will not only protect the interior of the building, but will be made of tempered glass, which will protect visitors in case of a potential accident.

Estimated Cost: \$20,784.00

Estimated Start Date: June 1, 2024

Estimated Completion Date: June 15, 2024
