

Sec. 144-5.31. Sidewalks

*(a) Requirement of installation.*

- (1) Sidewalks shall be installed on the development side of all streets and shall be constructed in accordance with city standards and specifications with the permitting of any new structure(s) on a property, excluding accessory structures. A Certificate of Occupancy shall not be issued until all required sidewalks are installed.

*(b) Minimum width.*

- (1) Along a local street: Four feet.
- (2) Along a collector, arterial, parkway, expressway, or interstate: Six feet.
