Good morning

My name is Donna Morrison, I live at 2117 Silver Maple, New Braunfels, TX 78130. I would like to state that as a homeowner, I Oppose the rezoning of the tract of land that will be adjacent to Avery Park. Looking at the studies and home values if this would be approve it would not be wise for Comal County or Avery Park

Thank you

Donna Morrison

These are our Homes,
We do not need 42 acres
developed into all business.
It will lower our property
values, create Excessive Noise,
and Greatly increase constant
traffic.
Please Do Not Approve

I have grave concerns regarding
the rezoning of 1983 54 46, to
include:
1. Negative impact to my
property value & quality of
life.
2. Increased noise levels
3. Increased traffic
increased
4. Potential noxious fumes
drifters

Subject: PZ23-0456 - Opposition Card

Caution: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Please consider this email as my formal opposition to the above mentioned case. I am a homeowner on the map, #29 (not sure why our names are not listed on the legend, but we also did not receive any formal notice even though we are clearly one of the homes/properties mentioned on the map), 2105 Wood Drake Ln, New Braunfels, TX 78130.

I am opposed to this progressing any further due to the following reasons:

--Traffic. It seems that some research has been done on this topic, however I do not feel the current state of traffic along with the numerous other projects currently being built/developed, has been taken into consideration. The amount of large trucks that run up and down 46 each and every day along with other traffic makes getting anywhere in town hard enough as it is, adding this proposed build would make it much, much worse. Even worse, there is a potential for a cut through to run directly through our section of the residential neighborhood, increasing the potential for additional traffic, potential nefarious persons having easy access to a residential community where kids play outside every day.

--Noise. Not only do people that live in this area along 46 have to contend with the existing noise of big trucks and traffic all day, every day, we would then have additional large trucks coming in to deliver products to a so-called proposed supermarket/Walmart type operation. This does increase the noise pollution in this area where we already have so much.

--Light Pollution. Many of the homes would be close enough to the proposed large retail build out that it would cause significant light pollution around our homes and streets.

--Vagueness of what could be built on this parcel. This area does not need a large retail build out to include a supermarket or even a Walmart size operation. Small retail would be more desirable.

--Stress on resources. As far as I understand we are still on a water restriction for homeowners. However to approve a large build out would strain an already fragile water system.

--Drainage system that is very close to this parcel of land. Developing such a proposed large build out could significantly impact the effectiveness of the drainage system, which could negatively impact the homes that depend on this system working to avoid any flood water issues. There are many, many homes that depend on this system working correctly.

--Residential Property Values. A large retail build out which will bring much worse traffic, potential for an increase of small crimes, would certainly lower our residential property values in this area (especially for those like myself which back up right to the land being developed).

As a homeowner and New Braunfels resident, we implore you to not approve this development as currently proposed. We are not alone in this sentiment and urge you to consider all of our concerns regarding this proposal.

Thank you for taking the time to read my concerns as a homeowner and proud community member. While we are unable to attend the meeting tomorrow as kids have after school commitments, we will be watching online and look forward to your review and contemplation of the impacts on our community.

Sincerely,
Melissa Walters
