ZBA Criteria for Approval of a Variance

In order for the Zoning Board of Adjustment to grant a variance, the applicant must prove that the 6 required criteria below have been met. You will be asked to describe your property's unique circumstances based on the below criteria in the questions. **Please answer the following questions to establish how the criteria to approve a variance is met.** The answers provided will be reported to the Zoning Board of Adjustment with staff comments. You may use additional pages if necessary.

1. What are the special circumstances or conditions affecting the land that warrant the variance?

A special circumstance must be a condition or issue of the land that is unique to the subject property and is not a circumstance that is shared by other properties. Variances are granted to property that has special circumstances that are so unique they are not reasonably considered within the development standards of the zoning ordinance; circumstances that are shared by multiple properties are considered in the zoning ordinance regulations to ensure orderly development.

The existing home on the property is believed to have been built by the Henne family in the 1930s. It was renovated/enlarged in the 1980s. The footprint of the house leaves only a small L- shaped backyard with no outdoor storage or garage.

The storage shed is intended to be used for a golf cart, river floats, yard equipment, etc. Due to the size and location of the house, the driveway runs along and abuts the NE property line. Placing the shed at the end of the driveway, behind the existing gate is the most logical location to maximize outdoor space in the backyard.

2. Why is the variance necessary to preserve a substantial property right of the applicant?

A substantial property right is the ability to use the land as its zoning intended. Property owners in residential zoning districts have a substantial property right to use and enjoy their property for dwelling. Please note that not all improvements intended for the enjoyment of a property are protected as substantial property rights. The reasonable use of the land can include, but is not limited to, adequate living space, open yard area, access to light and air, and so on.

Placement of the shed is aesthetically pleasing from the street as it is centered on the gate. This placement also increases its functionality to pull heavy items directly out and down the driveway. and being located in the corner allows for maximum usage of backyard area for entertaining and recreation.

3. Will the granting of the variance be detrimental to the public health, safety or welfare, or injurious to other properties within the surrounding area?

A variance that is detrimental to public health, safety or welfare, or injurious to property within the area may not be granted. A variance may not be granted if it deprives another property owner of the use or enjoyment of their property. A variance may not be granted if it will create an unsafe condition, such as a variance to allow construction that limits visibility for drivers.

NO

Continue to next page

4. Would granting the variance prevent the orderly use of other properties within the area? A variance cannot be granted if it will prevent another property from complying with a regulation or ordinance.
NO

5. Does an undue hardship to the land exist that is not self-created, personal or financial? An undue hardship is a hardship of the <u>land</u> itself. The hardship cannot be personal. Examples of what <i>is</i> an undue hardship: topography, lot configuration and size, the location of heritage trees on a lot, and so on. Examples of what <i>is not</i> an undue hardship: financial constraints, personal preferences, aesthetic choices. Hardships may not be self-created by the applicant. A self-created hardship can include performing construction work without city approval or permitting.
The existing improvements (1930's) dictate the size and configuration of the rear yard. The existing structure has NO outdoor storage or garage . The home is located in a water recreation district, but lacks any storage for canoes, kayaks, pool floats, tubes, etc. which are frequently pilfered if left in the open. They are also unsightly and a haven for mosquitos and vermin. Thus, a shed or garage is needed. Placing the shed in the corner at the terminus of the driveway maximizes the space for recreation and entertaining.

6. Will granting the variance be in harmony with the spirit and purpose of the City's regulations? The purpose of the zoning ordinance is to ensure adopted development standards promote the health, safety, and the general welfare of the public. Development standards have been established with reasonable consideration for the character of the zoning districts and impacts created by various land uses. Variances may not conflict the intent of the zoning ordinance regulations or the goals of the Comprehensive Plan.
Yes. The neighbors have noted that the lack of outdoor storage has long been an issue at this location causing unsightly clutter and unsafe hazards as former owners have resorted to running extension cords over the open driveway to charge their golf carts. Allowing residents to recreate and entertain friends and family is part of the cultural traditions of New Braunfels.

Sec. 144-2.2. - Zoning Board of Adjustment (ZBA)

2.2-1. Power and duty. The zoning board of adjustment (ZBA) may, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions and variances to the terms of this chapter, and decide appeals from decisions of administrative officials, in harmony with its general purpose and intent and in accordance with general or specific rules herein contained.

2.2-2. ZBA procedures. The ZBA shall operate in accordance with V.T.C.A., Local Government Code §§ 211.008—211.011 and shall adopt rules in accordance with the provisions of this chapter. Meetings of the ZBA shall be held at the call of the chairman and at such times as the ZBA may determine. Such chairman, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the ZBA shall be open to the public. The ZBA shall keep minutes of its proceedings, showing the vote of each member upon each question or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the ZBA and shall be a public record. The concurring vote of four members (or 75 percent) of the ZBA shall be necessary to reverse any order, requirement, decision, or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under this chapter, or to effect any variation in this chapter.

2.2-3. Variances.

(a) Authority. The ZBA may authorize a variance from these regulations only upon finding:

- (1) That there are special circumstances or conditions affecting the land involved such that the strict application of the provisions of this chapter would deprive the applicant of the reasonable use of land;
- (2) That the variance is necessary for the preservation and enjoyment of a substantial property right of the applicant;
- (3) That the granting of the variance will not be detrimental to the public health, safety or welfare, or injurious to other property within the area;
- (4) That the granting of the variance will not have the effect of preventing the orderly use of other land within the area in accordance with the provisions of this chapter;
- (5) That an undue hardship exists; and
- (6) That the granting of a variance will be in harmony with the spirit and purpose of these regulations.

A variance shall not be granted to relieve a self-created or personal hardship, nor shall it be based solely upon economic gain or loss, nor shall it permit any person the privilege in developing a parcel of land not permitted by this chapter to other parcels of land in the particular zoning district. No variance may be granted which results in undue hardship upon another parcel of land.

(b) Procedures for variance.

- (1) Application for variance shall be made by the owner of real property (or authorized agent) to the planning department on forms provided by the planning department.
- (2) Fee and sign. The fee for variance requests and related signs shall be per appendix D of this Code (see subsection 144-2.2-5).
- (3) No variance shall be granted without first having given public notice and having held a public hearing on the variance request in accordance with section 144-2.2-5. The deliberations and determinations of the ZBA, together with the specific facts upon which such determinations are based, shall be incorporated into the official minutes of the ZBA meeting at which the variance application is decided.

2.2-5. Variance and special exception notice.

- (a) Notice and public hearing. The ZBA shall hold a public hearing for consideration of the variance or special exception request no later than 45 calendar days after the date the application for action is filed. Written notice of the public hearing for a variance or special exception shall be provided to all property owners, via U.S. mail, within 200 feet of the affected property at least ten calendar days prior to the public hearing. The applicant may appear at the hearing in person or by agent or attorney.
- (b) Sign. In addition to the mailed notification, a variance or special exception sign shall be placed adjacent to each public street or right-of-way, abutting the subject property, or if the property does not front a public street or right-of-way, to the closest public street or right-of-way, located in the middle of the frontage, and within three feet of the curb or the pavement, or as prescribed by the planning and community development department at the time of application. One sign shall be required for the first 100 feet of frontage of the tract, and, thereafter, one additional sign for every 200 feet of frontage, or fraction thereof, except that no more than three signs shall be required on each roadway frontage. If the tract has less than 200 feet of frontage per roadway, then only one sign is required per road. All signs shall be clearly visible to the public from the adjacent public streets. The applicant shall post the sign(s) at least 15 days prior to the ZBA meeting and maintain said sign(s) in good condition and in place until final action. If the sign(s) is not posted 15 days prior to the ZBA meeting, the applicant's case shall be withdrawn and rescheduled. In the event that a sign(s) is removed from the property or damaged, the applicant shall be responsible for purchasing a replacement sign(s) and installing it immediately. The sign(s) shall be furnished by the city and a fee shall be charged the applicant per appendix D of this Code.

2.2-6. Appeals. Appeals to the ZBA may be taken by any person aggrieved, or by any officer, department, board or bureau of the city affected by any decision of the building official or other administrative officer concerning the interpretation or implementation of this chapter.

- (a) Stays of proceedings. An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the ZBA, after the notice of appeal shall have been filed with him, that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the board or by a court of record on application on notice to the officer from whom the appeal is taken and due cause shown.
- (b) Procedure for appeal. The appellant must file with the planning and community development department a written notice of appeal specifying the grounds for the appeal and pay a fee per appendix D of this Code. The notice of appeal shall be filed within 45 calendar days after the decision has been rendered. Upon receiving the notice, the official from whom the appeal is taken shall immediately transmit to the ZBA all papers constituting the record of action that is appealed. The chair of the ZBA or any two members may call a special meeting to consider appeals.
- (c) Action by the ZBA. The ZBA shall decide the appeal within 30 calendar days after the written request (i.e., notice of appeal) was received. The ZBA may reverse or affirm, in whole or in part, or modify the administrative official's order, requirement, decision or determination from which an appeal is taken, and may make the correct order, requirement, decision or determination, and for that purpose the ZBA has the same authority as the administrative official.

2.2-7. Burden of proof. The applicant bears the burden of proof in establishing the facts that may justify a variance, a special exception, an appeal, or any other action in his/her favor by the ZBA.

2.2-8. Waiting period. No application to the ZBA for the same or a related variance, or special exception, or appeal on the same piece of property shall be allowed for a waiting period of 180 calendar days following denial of an application by the ZBA unless other property in the immediate vicinity has, within the 180-day waiting period, been changed or acted upon by the ZBA or the city council so as to alter the facts and conditions upon which the previous denial was based. Such changes of circumstances shall permit the re-hearing of a variance, or special exception, or appeal request by the ZBA, but such circumstances shall in no way have any force in law to compel the ZBA, after a hearing on the matter, to grant a subsequent variance, or special exception or appeal request. Any subsequent variance, or special exception or appeal request shall be considered entirely on its own merits and on the specific circumstances related to the subject property.

2.2-9. Petition to a court of record. Any person or persons jointly or severally aggrieved by any decision of the ZBA, or any taxpayer, or any officer, department, board, or bureau of the municipality, may present to a court of record a petition, duly verified, setting forth that such decision is unlawful, in whole or in part, specifying the unlawful grounds. Such petition shall be presented to the court within ten days after the filing of the decision in the office of the ZBA.

- (a) Writ of certiorari. Upon the presentation of such petition the court may allow a writ of certiorari directed to the ZBA to review such decision of the ZBA and shall prescribe therein the time within which a return thereto must be made and served upon the petitioner's attorney, which shall not be less than ten days and may be extended by the court. The allowance of the writ shall not stay proceedings upon the decision appealed from but the court may, on application, on notice to the board and on due cause shown, grant a restraining order.
- (b) Certified or sworn copies. The ZBA shall not be required to return the original papers acted upon by it, but it shall be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by such writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.
- (c) Testimony. If, upon the hearing, it shall appear to the court that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take such evidence as it may direct and report the same to the court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify, the decision brought up for review.
- (d) Costs. Costs shall not be allowed against the ZBA unless it shall appear to the court that it acted with gross negligence, or in bad faith, or with malice in making the decision appealed from.
- (e) Preference. All issues in any proceedings under this section shall have preference over all other civil actions and proceedings.
