I am resending this to an additional email address I have for the planning department. A response would be greatly appreciated.

Best,

Jason

We currently live full time in Houston, and we mailed in our card with our response, but I am concerned it was not received. I have screen shot what we sent in below. Can you please confirm receipt? Thank you.

Our opposition is not personal in any way to the Motz family, but instead because (1) there are no commercial properties on the north side of Comal, from east of Tolle all the way down to Faust, and we fear this project would encourage other commercial development on our side of the street; (2) there are many properties badly in need of refurbishing on the south side of Comal already zoned commercial that would be better suited for the planned project; and (3) under our reading of Code 144-3.4-12(a)(1) if 175 Comal ever ceased being a law office, authorized uses under C-1A include animal grooming shops, bars and taverns, pawn shops, pharmacies, and restaurants, among other undesirable uses. We have spent a considerable amount of money improving 169 Comal as we plan to retire there and we do not want these types of business as potential neighbors. If there is a mechanism to limit the types of uses that may be implemented at 175 Comal in the future, we would be willing to re-consider our opposition. Unfortunately, we are out of town for a planned vacation and cannot attend the July 5 meeting.
