The Engineering Division reviewed the TIA Determination application and associated documents for the referenced development. Based on the information provided in the application, a Level 2 TIA Report is required. **Note: Full build out analysis of property(s) is required but could not be confirmed from submitted exhibits. Responsibility falls on applicant to confirm and communicate extent of property boundary. Failure to do so could cause delays.**

The attached TIA Scoping Meeting Worksheet, along with any other pertinent documents, should be submitted to Rebecca Browne rbrowne@newbraunfels.gov. Upon receipt of the packet, Mrs. Browne will respond with various options for scheduling a TIA scoping meeting. A final decision on intersections to be included within the TIA will be established by City Staff and listed within the approved scope.

Please contact the Engineering Division at (830) 221-4020 if you have any questions or need any additional information.

Respectfully,

Jessica Perry, E.I.T.
Graduate Engineer
