(b) *Maximum height, minimum area and setback requirements:*

(3) *Side building setback.* There shall be no side building setback required on one side of the lot and a minimum of 10 feet in the opposite side yard. If the side of the lot abuts any other residential zoning district, that side building setback shall have a minimum depth of 10 feet. The dwelling on the "no side building setback required" side may be off-set from the property line by no more than one foot. However, a provision can be made for 5 foot setbacks on both sides if it meets all applicable building codes.

- (1) *Minimum area zoned.* Not less than three lots with common side lot lines will be zoned for zero lot line homes. When facing on the same street within the same block, mixing of ZH structures and other residential structures will not be allowed. However, this does not preclude other residential uses on one side of a street with ZH uses on the opposite side of the street within the same block or different blocks.
- (2) *Zero lot line wall.* No door or window openings shall be built into the side wall facing the zero lot line except those that are more than three feet from the property line and screened by a masonry wall at least eight feet in height so that the opening(s) is not visible from the adjoining property. (See Illustration 3, “ZH-A” district)
- (3) *Overhang.* Eaves and gutters may overhang the zero lot line side of the lot by no more than 18 inches. If there is an overhang over the lot line, a gutter is required such that roof runoff shall not be deposited over the lot line onto adjoining property.
- (4) *Maintenance, drainage and overhang easement.* A maintenance, drainage and overhang easement of five feet shall be provided on each lot that is adjacent to a lot with a zero setback allowance. This easement shall be for the purpose of maintaining the wall and foundation that is adjacent to one side property line to provide for proper maintenance and drainage.
- (5) *Parking.* There shall be at least two off-street parking spaces for each zero lot line home. See Section 5.1 for other permitted uses’ parking.
