WHEREAS, victimization increases teens' risk for injury, substance abuse, eating disorders, unwanted pregnancy and suicide; and

WHEREAS, one in three adolescents in the United States is a victim of physical, sexual, emotional or verbal abuse from a dating partner, a figure that far exceeds rates of other types of youth violence; and

WHEREAS, violent behavior typically begins between the ages of 12 and 18, and the severity of intimate partner violence is often greater in cases where the pattern of abuse was established in adolescence; and
