

January 22, 2021

Chris,

I'd like to submit a formal request for consideration of waiving the City of New Braunfels fees for permitting, platting and other development related fees for our project to build a new building on our property for the purpose of spaying and neutering dogs and cats prior to their adoption from our facility. Any little bit of help we can get would be much appreciated! Let me know what information I can provide to submit this request.

Have a great weekend!

Until there are no more homeless pets,
