

Legislation Text

File #: 24-389, **Version:** 1

PRESENTER:

Joshua A. Jimenez, Animal Welfare & Rescue Officer

SUBJECT:

Presentation and discussion regarding amending the city's ordinance for dangerous dogs.

DEPARTMENT: Planning & Development Services - Neighborhood Services - Animal Welfare & Rescue Division

COUNCIL DISTRICTS IMPACTED: All

BACKGROUND INFORMATION:

The City of New Braunfels' current vicious or dangerous dog ordinance has been in place for many years and needs to be updated. With recent incidents of dangerous dog cases in the news the City of New Braunfels Animal Welfare Division would like to amend the current ordinance to provide consistency with the state and other municipalities.

One example of a change requires a member of the New Braunfels Police Department or a designee to hear a case to determine if the dog is dangerous. With changes to the current ordinance the New Braunfels Animal Welfare Division will be able to make this determination after investigating all the evidence on the case. This process is similar to how the state statute is currently set up.

ISSUE:

New Braunfels' current dangerous dog ordinance is not consistent with the State of Texas dangerous dog rules. With the amending of the local dangerous dog ordinance, it will be consistent with the state code.

FISCAL IMPACT:

None

RECOMMENDATION:

This amendment is being presented to the Animal Services Advisory Board for discussion. If any changes are considered or if staff need to provide additional information, it can be provided at the next ASAB meeting.
