**SUBJECT:**

Approval of a Professional Service Agreement with Douchet and Associates for an amount of \$31,450, for engineering design and project support for a stormwater quality treatment facility at North Houston Avenue.

**BACKGROUND / RATIONALE:**

The City of New Braunfels' 2018 Edwards Aquifer Habitat Conservation Plan (EAHCP) Workplan includes the design and construction of a water quality treatment facility to be installed at the end of North Houston Ave to treat stormwater runoff prior to entering the Upper Spring Run of Landa Lake. This project is intended to fulfill the water quality protection requirements set forth in the EAHCP. Funding for the design and construction of the water quality treatment facility has been approved by the EAHCP Implementing Committee and is available to the City to cover costs associated with design and construction. The City of New Braunfels 2018 projects and budget were also approved by Council at the December 11<sup>th</sup>, 2017 regular council meeting. At the time of the December 11<sup>th</sup> meeting, a contractor had not yet been secured for a stormwater quality treatment facility at North Houston Avenue.

The City requested three quotes and Statements of Qualifications from engineering firms to perform design work associated with the project. Doucet and Associates has been selected to perform engineering design work for the project based upon relevant work experience and qualifications. The cost for the contract is \$31,450.

**ADDRESSES A NEED/ISSUE IN A CITY PLAN OR COUNCIL PRIORITY:**

<input checked="" type="checkbox"/>	Yes	<b>Strategic Priorities 21</b>	Ensure sustainable quality development
-------------------------------------	-----	--------------------------------	--

**FISCAL IMPACT:**

Funding for this project is provided through the EAHCP program per the executed 2018 EAHCP Program Funding Application and Workplan.

**COMMITTEE RECOMMENDATION:**

N/A

**STAFF RECOMMENDATION:**

Staff Recommends recommends approval of a Professional Service Agreement with Doucet and Associates for an amount of \$31,450, for engineering design and project support for a stormwater quality treatment facility at North Houston Avenue.
