BACKGROUND / RATIONALE:

New Braunfels' City Council strategic priorities include using a variety of funding sources for operational and capital needs. As such, Staff recently submitted an application for funding of salaries and equipment for the New Braunfels Police Department utilizing a Texas Traffic Safety Program's Selective Traffic Enforcement Program - Commercial Motor Vehicle (STEP-CMV) FY 2021 grant issued by National Highway Traffic Safety Administration and administrated by the Texas Department of Transportation.

The requested grant funding will support the City's operation of a Selective Traffic Enforcement Program (STEP) with the purpose of reducing crashes and crash-related injuries and deaths caused by commercial motor vehicles. FY 2021 priorities for STEP-CMV include, but are not limited to, the enforcement of Impaired Driving, Occupant Protection, Hazardous Moving Violations, Distracted Driving, and Speed.

All awarded STEP-CMV grant funds must be used to pay for salaries and equipment necessary to operate the program for one year. City staff has submitted an application for a total amount of \$55,560.50 of which the granting agency will reimburse eligible costs for up to 80%. With the City's

provision of a minimum of 20% as a match requirement, the total cost to the City will be approximately \$11,686.

If awarded, it is anticipated that the City will receive notification in August 2020.
