The subject property is located south of Morningside Drive and in-between the Vista Hills and Fields of Morningside Subdivisions. The property is currently in agricultural production. The proposed zoning would allow for low density single-family residential development with lots that are a minimum of 40 feet wide and no smaller than 4,000 square feet.

Surrounding Zoning and Land Use:

North - R-1 / Single family residences

South - R-1 / Pipeline right-of-way

East - R-1 / Single family residences

West - R-1 / Single family residences

Determination Factors:

In making a decision on zoning, the following factors are to be considered:

- Whether the permitted uses will be appropriate in the immediate area, and their relationship to the area and to the City as a whole *(Should the request be approved, it would be compatible with the neighboring single family developments, and consistent with subdivisions in this area of the city.)*
- Whether the change is in accord with any existing or proposed public schools, streets, water supply, sanitary sewers, and other utilities to the area *(The adequacy of public facilities and utilities to serve the additional demand is evaluated by each provider. CISD has been notified of the request.);*
- How other areas designated for similar development will be affected *(The proposed zoning change should not impact other areas designated for similar development.);*
- Any other factors that will substantially affect the public health, safety, morals, or general welfare *(None identified. Drainage, utility and traffic impact issues will be reviewed and addressed through the platting process.);* and
- Whether the request is consistent with the Comprehensive Plan: *see below*

ADDRESSES A NEED/ISSUE IN A CITY PLAN OR COUNCIL PRIORITY:

City Plan/Council Priority: Envision New Braunfels Comprehensive Plan	Action 1.3: Encourage balanced and fiscally responsible land use patterns. Action 3.13: Cultivate an environment where a healthy mix of different housing products at a range of sizes, affordability, densities, amenities and price points can be provided across the community as well as within individual developments. Future Land Use Plan: The property is situated in the Walnut Springs Sub-Area and is in close proximity to employment centers and an outdoor recreation center.

FISCAL IMPACT:

N/A

STAFF RECOMMENDATION:

Approval. The proposed zoning would allow increased opportunities for a mix of lot sizes and variety of housing types at this location.

Notification:

Public hearing notices were sent to 50 owners of property within 200 feet. The City has received one response in favor (# 19) of the requested zone change.
