Presenter/Contact

*Bryan Woods, Assistant City Manager
(830) 221-4022 - bwoods@nbtexas.org*

SUBJECT:

Approval to authorize the City Manager to execute a Utility Cooperative Agreement with Green Valley Special Utility District (GVSUD) for the reimbursement water utility relocation costs necessitated by the Klein Road Reconstruction Project.

BACKGROUND / RATIONALE:

Klein Road Reconstruction project was approved under Proposition One of the 2013 Bond Program. The City has deemed it necessary to reconstruct Klein road between Walnut Avenue and FM1044.

The proposed roadway reconstruction will necessitate the installation, adjustment, removal, and/or relocation of certain potable water line facilities owned by GVSUD. Currently, all GVSUD infrastructure is located within utility owned easements and the widening of Klein Road will cause hardship to the utility in its current location and agreement of reimbursement by the CITY to GVSUD will need to be considered.

ADDRESSES A NEED/ISSUE IN A CITY PLAN OR COUNCIL PRIORITY:

--	--	--	--

FISCAL IMPACT:

Expenditures associated with GVSUD design and utility relocation are a component of the Klein Road Reconstruction Project, therefore, sufficient funds are available to approve the Cooperative Agreement.

COMMITTEE RECOMMENDATION:

N/A

STAFF RECOMMENDATION:

Staff recommends approval of the Utility Cooperative Agreement with GVSUD in the amount of \$233,271.25 for the relocation of the underground water utility infrastructure on Klein Road.
