The subject 5-acre tract is currently vacant and is located along the IH-35 frontage road between Oak Creek Subdivision and Camping World. It is surrounded by the 39 acres owned by Mr. Turner that is the subject of PZ19-0207, also on this agenda.

The front 300 feet of the property, annexed in 1984, is currently zoned M-1 Light Industrial (a cumulative zoning district that allows residential, commercial and industrial uses). The remainder was annexed in 2003 and is still zoned the interim APD Agricultural/Pre-Development District. The property has been in agriculture production for several or many years.

The owner/applicant indicated no immediate plans for development, but is requesting M-1A Light Industrial District zoning for development continuity and to facilitate the future sale of the property.

The M-1A district is intended for light manufacturing and fabrication, warehousing, distribution, wholesaling and service operations that do not typically depend on frequent customer visits.

FISCAL IMPACT:

N/A

Determination Factors:

In making a decision on zoning, the following factors are to be considered:

- Whether the permitted uses will be appropriate in the immediate area, and their relationship to the area and to the City as a whole (*M-1A zoning is appropriate along this segment of the Interstate Highway and is consistent with existing zoning in the area. The subject property is located between the IH 35 southbound exit and entrance ramps, potentially reducing the quantity of truck traffic within the City's internal roadway network.*);
- Whether the change is in accord with any existing or proposed public schools, streets, water supply, sanitary sewers, and other utilities to the area (*The proposed zoning should not conflict with existing and proposed schools, streets, or utilities in the area.*);
- How other areas designated for similar development will be affected (*The proposed zoning should not impact other areas designated for similar development. M-1A on this tract will increase inventory of industrially zoned land that does not allow single-family or two-family residential.*);
- Any other factors that will substantially affect the public health, safety, morals, or general welfare (*There should be no other factors that will negatively affect the public health, safety, morals, or general welfare.*); and
- Whether the request is consistent with the Comprehensive Plan (*The subject property lies within the Oak Creek Sub Area and a Transitional Mixed-Use Corridor (IH-35), and near existing Market and Employment Centers.*)

COMMITTEE RECOMMENDATION:

The Planning Commission held a public hearing on August 6, 2019 and unanimously recommended approval of the applicant's rezoning request. (8-0-0)

STAFF RECOMMENDATION:

The requested M-1A zoning would be consistent with existing surrounding zoning along IH-35 in this area, including its location between the IH-35 southbound exit and entrance ramps facilitating truck traffic, and with City Council's priority to increase the inventory of industrial greenfield. Therefore, staff recommends approval.

Notification:

Public hearing notices were sent to 1 owner of property within 200 feet (the applicant for Case# PZ19-0207). The City has received no response to date.
