Description: 42 residential lots, 1 utility lot and 1 open space lot on 10.51 acres

ISSUE:

Long Creek South Preliminary Plat proposes 42 residential lots on 10.51 acres with public streets. The proposed preliminary plat is part of the Long Creek Subdivision and the Bandit Golf Course Master Plan approved in 1998. The master plan was approved with deviations to the minimum right-of-way width, pavement width and cul-de-sac radius requirements.

Drainage:

The Public Works Department reviewed preliminary drainage with the Letter of Certification process as required by Section 118-51e of the Subdivision and Platting Ordinance and in accordance with the requirements

of Chapter 143 Municipal Drainage Utility Systems, and the Drainage and Erosion Control and Design Manual. Final project drainage will be reviewed with construction plans for public improvements prior to final plat submittal.

No portion of this subdivision is located within the 100-year floodplain.

Utilities:

Electric service will be provided by Guadalupe Valley Electric Cooperative (GVEC), water will be provided by Green Valley Special Utility District (GVSUD) and wastewater will be provided by Guadalupe-Blanco River Authority (GBRA). Utilities will be extended by the developer with this subdivision and construction plans will be reviewed prior to submission of the final plat. Utility easements are indicated on the plat as required by the utility providers.

Transportation Plan:

The plat is in compliance with the City's Regional Transportation Plan as there are no existing or proposed thoroughfares within or adjacent to the property.

Access

The proposed public streets consist of 38-foot wide right-of-way which was approved as a deviation from standards with the master plan.

Hike and Bike:

The plat is in compliance with the city's Hike and Bike Trail Plan as there are no existing or proposed trails internal or adjacent to the subject property per the Hike and Bike Trails Plan.

Sidewalks:

The requirement for sidewalks within this subdivision was waived with approval of the master plan.

Roadway Impact Fees:

This subdivision is located outside city limits and the Roadway Impact Fee Study Area. Impact Fees are not applicable to this subdivision.

Parkland Dedication and Development:

Parkland Dedication and Development requirements do not apply to Long Creek Subdivision as it was master planned prior to adoption of the ordinance.
