The subject property consists of approximately 29 acres comprised of 17 parcels of land located adjacent to Broadway, Rusk Street, Porter Street and the Guadalupe River, within the area of the City known as the Milltown Historic District, behind the New Braunfels Market Place shopping center. The subject property includes the old mill building and its accessory buildings and structures and parking lots.

All parcels front on streets designated as 60-foot minor collectors. Porter Street includes bike lanes on both sides that connect with bike lanes across the Guadalupe River on E. Faust Street via the Faust Street Bridge.

The subject property is located within the River Mill Tax Increment Reinvestment Zone (TIRZ #2) that was approved by City Council in December of 2019. The TIRZ will facilitate redevelopment of the area around the historic river mill property by funding a portion of the related infrastructure and maintenance costs. The TIRZ identifies the area to be redeveloped with mixed-use (Table 2: Preliminary River Mill Master Plan by Land Use,

under Section 2 - Project Plan Improvements, of the River Mill TIRZ Preliminary Project & Financing Plan).

Prior to approval of the River Mill TIRZ in December of 2019, City Council approved amendments to the industrial zoning districts (M-1, M-2, M-1A and M-2A) in November of 2019, removing residential uses from these districts.

The applicant is requesting rezoning of the property to “MU-B” High Intensity Mixed-Use District to allow mixed use development of the property in accordance with the Project Plan Improvements identified in the River Mill TIRZ.
